At the University of Arkansas Community College at Morrilton, we realize that students have many choices in higher education; and we are honored to be the next step to your child’s future. As we approach the July 1 federal financial aid deadline, we wanted to take this opportunity to send you several tips and reminders to assist your child with the transition from high school to college. Here are some questions you might ask them and resources to help them find the answers:

**Have you been awarded federal financial aid (i.e. PELL grant)?** Students should complete the FAFSA and submit all related paperwork by the July 1 priority deadline. Students can review their financial aid by logging on to Campus Connect using their UACCM Student ID number on letters or emails from the UACCM Admissions or Financial Aid Offices. They may also check their admission status, view their bill, check course availability, and print their schedule. A tutorial video is available.

Financial Aid Frequently Asked Questions
Financial Aid Forms (if required according to Campus Connect)

**Have you set up your class schedule?** Students must be accepted to set up an advising appointment. They can check their admission status on Campus Connect. Advising appointments are available in-person, via phone, or video conference. Students who wait may experience difficulty in obtaining the schedule they desire as classes begin to fill. Payment for fall classes will not be due until August 19th. *If your child has been awarded an UACCM academic scholarship, they must set up their advising appointment by July 1 to accept the scholarship.*

**Have you been awarded state aid and accepted your award?** Students should apply for state aid (such as the Academic Challenge Scholarship) by the August 1st extended deadline. Be sure to accept the award. Notifications will be sent to the email address on the student’s application. Parents can be added to the student’s application as an alternate email to get the same emails students are receiving. Have your student log in to their YOUUniversal account to confirm their status.

**Additional Resources & Information**
- Financial Aid and Registration “To Do” List that is sent to students with their acceptance letter
- ACCUPLACER Testing Information, which is available on-campus or remotely via Zoom. The testing fee has also been temporarily waived. Since access to placement testing has been limited during the pandemic, UACCM made the decision to admit and place students in courses this fall based on cumulative high school GPA or test scores. Applicants who have not taken a placement test within the past five years may request to be admitted based upon a cumulative high school GPA of 2.25 or above. This option is available for freshman, transfer, or readmit students (not high school concurrent). Students with less than a 3.0 high school GPA may want to consider ACCUPLACER testing for placement purposes.
- UACCM’s continuing response to COVID-19
- The UACCM campus is currently open by appointment and will reopen on July 6th. Campus tours are available.

If you or your student have questions, you can Chat with an Admissions Counselor. We’re here to be a resource for you.
