

Clear Microsoft Edge Browser History and Cache

Open a new Edge browser window.

In the upper right-hand corner, click on Settings and more

Select Settings from the drop-down menu

In the upper left-hand corner, select the Settings menu

Select privacy, search, and services from the Settings menu

Scroll down to Clear browsing data and select Choose what to clear

Select the time range you want to clear -- All time is recommended. Scroll down the list and select all of the items you want cleared. Then click on Clear now
